

Nordic Kidz Academy Facilitator Program

Empower & Create
the Future of Schools!

Nordic Kidz **Academy**

Why become a facilitator?

As a **Nordic Kidz Academy Facilitator**, you play a vital role in supporting and strengthen the school community by:

- Building meaningful and long-lasting relationships between teachers, students, and parents.
- Fostering well-being and inclusion in classrooms through a common language of well-being.
- Cultivating self-esteem and life skills among students and in the school community as a whole.

As a **Nordic Kidz Academy Facilitator**, you learn how to achieve this by facilitating a wide range of camps, workshops, and programs that bring teachers, students, and parents together.

And most importantly, you learn how to establish common ground through specific exercises and activities where everyone feels safe and secure.

You are representing a visionary school or are a Teacher Trainer or Consultant who already work with schools.

You are dreaming of fostering safe, positive and supportive environments where children can thrive and reach their full potential.

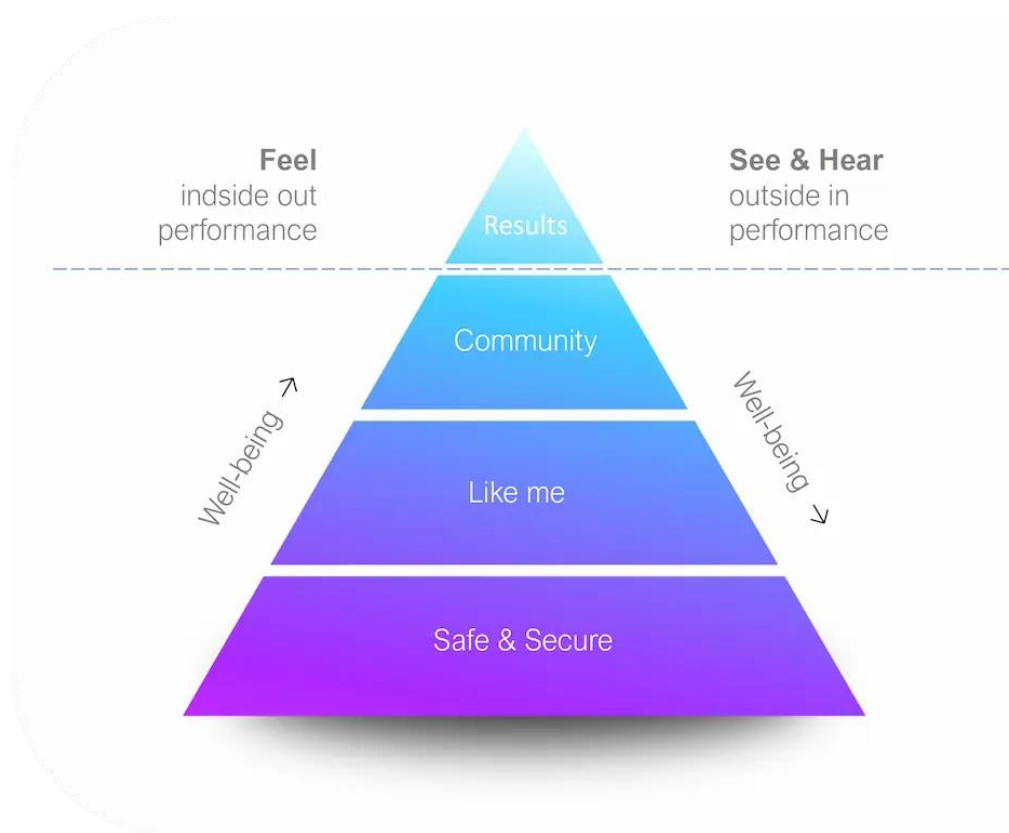

You want to help kids and teenagers reach new heights in learning, living, and growing while working alongside with the parents and teachers – as a TEAM – because together everybody achieves more.

Our training addresses key challenges in today's school systems across Europe and is specifically designed to help prevent them.

As a Nordic Kidz Academy Facilitator, you'll gain a lot of practical tools to navigate and balance these challenges through well-proven activities, exercises, and games.

You'll also learn how to create a common language of well-being to share with students, teachers, and parents – building meaningful and long-lasting relationships that strengthen the entire school community.

Reviews

Morten Kirk Jensen
Director of Learning –
Hedensted Municipality

Nordic Kidz Academy, a part of Body Mind Academy, is a unique partner, as with engagement, knowledge and sublime abilities, helps us lift skills and development through cooperation and intervention. Our partnership is characterized by great faith, trust and shared goals. Body Mind Academy has my best recommendations.

Anne Skare Nielsen
Futurist researcher and
keynote speaker

As a futurist, I see Nordic Kidz academy, a part of Body Mind Academy, as the rebel with a cause in the world of well-being. They're not just offering courses; they're creating a future where mind, body, and soul finally play on the same team (without one calling in sick!). Their mission isn't about magical quick fixes – it's the real deal, for real people, who want to live fully, stay grounded, and find balance in a world that's anything but.

Stefan Kelstrup
Head of Schools –
Billund Municipality

Over the years, the public schools in Billund Municipality have had a positive and fruitful collaboration with Nordic Kidz Academy, a part of Body Mind Academy, on well-being activities for school children and their families. The programs have been tailored to meet the needs of each individual school, grounded in constructive local dialogues.
